Thanks, Ana. I appreciate your quick follow-up. As you might imagine, I was getting panicky that I somehow messed up with the submission.

Kathleen,

Thank you for checking. We do have two sets of comments from the NMP producers Group. Please note that we received thousands of comments in the docket, before the comments are made public the docket staff needs to process them. It will take some time before you see all the comments.

Thank you for your patience,

Ana

Ana, Niva

My members have noticed that the NMP Producer Group comments are not posted in the EPA docket. We submitted two sets of comments – and I received confirmed that the both sets of comments were successfully submitted. But neither is in the docket. I realize that there may be a delay, but it seems odd, particularly given so many other comments are already posted.

Can you let me know if there is a problem?

Thanks.
